## INTERNATIONAL

### YOUR LOCAL PARTNER

Harlow International is an Iraqi-owned business conglomerate established in Baghdad in 2002 with operating bases in southern and northern Iraq. It was among the first of the major companies to be re-established in the new Iraq and is growing at a significant rate due to its internal teams' local knowledge supported by international sector-specific management experience.

Initially an Iraq-based construction company Harlow International is now a major holding group with five subsidiary companies offering complimentary services in the fields of security, manpower, life support, media and communication, procurement and logistics, and consultancy through its companies **Al Thaware Security Services** and **Al Murabit Security Services**, **Harlow Support Services**, **Seacoast Media Company** and **Bahoo General Contracting**, respectively. Headquartered in Baghdad, the company now has over 900 employees across Iraq, the UAE, Korea and the UK, and is a financially strong and profitable operation.

#### VISION

To lead the way in delivering professional, quality and compliant services in Iraq through international expertise complimented with local knowledge

#### MISSION

We will achieve our vision by enabling Iraq's ambition to develop and transform its economy by building a prosperous and sustainable future through encouraging foreign investment, fostering long-term business partnerships and supporting those companies with professional services, quality solutions, local knowledge and experienced resources.

#### OUR CORE VALUES

##### INTEGRITY

We take pride in acting in accordance with the highest international standards and professional practices to lead by example.

##### PASSIONATE

We care about our customers, employees, shareholders and the communities within which we work.

##### ACCOUNTABILITY

We take responsibility for our actions by being transparent and efficient in all we do.

##### COLLABORATIVE

We work closely with all our partners to deliver superior results and celebrate our successes.

##### QUALITY

Business excellence: we deliver the best solution on time, on budget, every time.

Harlow International is leading the way in delivering professional, compliant services through international expertise and local knowledge. We provide a multitude of carefully selected services that are unique models for each of our clients. As such each client has a dedicated point of contact, supported by a backbone of experienced international management experts in their field reinforced with local national specialists.

Working with international clients we enable those wishing to enter Iraq to do business, those looking for a partner to represent them or those businesses requiring on-the-ground advice and support. Our in-country experience and keen understanding of local culture is second to none.

We focus on providing professional local services in EPC contracting and project management, oil and gas, procurement and logistics. As a supporter of foreign investors we provide consultancy, partnership and advisory solutions.

### GROUP SERVICES

With its subsidiary companies, the group now also offers professional business services in technical and personal security; life support through manpower and contract staffing solutions, visa services, payroll, travel and accommodation, and consultancy; media, production and communications; and consultancy. Our strong group of companies adds greatly to our ability to fulfill what are often very challenging logistical and manpower requirements of our clients' large and complex projects.

### SUCCESSFUL TRACK RECORD

As an established international company specialising in managing and delivering complex building, infrastructure, and industrial projects in challenging environments, Harlow International has the proven expertise and credibility to deliver successfully, specifically within Iraq. After the successful execution of an array of major projects, Harlow International has forged its reputation as one of the industry's most respected players in Iraq.

Recent projects include the Baghdad headquarters of the British Embassy, the Iraqi High Tribunal Facility, the British Consulate in Basrah and the Prime Minister's Office in the Al Zaqura Building. We are also partnering on the Bismayah New City Project on the outskirts of Baghdad – currently the world's largest residential project at 1,832 hectares.

### LOCAL KNOWLEDGE

We are confident in being able to deliver this success because of our country experience, market knowledge, and crucially because of our understanding and appreciation of local culture.
